## SPECIAL EVENTS

1200 villa place, nashville, tn 37203 | [events@sadiesnashville.com](mailto:events@sadiesnashville.com)

A dark wood shelf is mounted on a light-colored wall. On the shelf, there are four white ceramic vases, four green glass bottles, a framed black and white drawing of a person's profile, a smaller framed drawing of a woman's face, and three glass vases containing yellow pom-pom flowers. The background wall has a subtle floral pattern.

Sadie's offers a full-service events department that caters to all large group gatherings or private events, from birthday celebrations to business dinners to all wedding related events.

A wooden dining table is set with two place settings. Each setting includes a light blue plate with a concentric circle pattern, a glass, and a white napkin with blue stripes and silverware. The table is set against a wooden slat wall. A large bouquet of yellow and pink roses is visible in the background.

We offer several dining styles to suit your event, including a customizable family style dining experience, a mix of passed and stationed hors d'oeuvres for reception style gatherings, and buffet service available in private, semi-private, or non-private settings.
