

Whether you're looking for small bites or the whole hog, we'll bring our love-smoked goodness to any party – casual backyard gatherings, extravagant weddings, corporate events, you name it. **Start with two meats, three sides, and BBQ sauces, then customize however you see it.** We're easy like that.

We even offer three kinds of service – restaurant pick-up, delivery and set-up, or full-service, where we slather your guests with our signature southern hospitality.
