

Hello Whiskey Society Members,

We are here in June 2025, let's bring on the summer! Sunshine and a little whiskey fun never hurt anyone so let's roll into this heat wave with some whiskey from Austin Texas! Whiskey of the month of June 2025 is called "Still Austin".

## THE ART OF TEXAS WHISKEY

Right from the start, we set out to create a different kind of whiskey brand.

We wanted to build a brand that reflected the craftsmanship and artistry that goes into making grain-to-glass whiskey while also representing the vibrant, creative soul of the city from which it was born. Take one look at any of our whiskey labels, and that's pretty apparent.

I have been watching this distillery grow for a few years and am very glad Oregon finally came to their senses and brought it into the state. The picture is the Rye and the Bourbon. I am hoping to get the cask strength in before the end of the month so be on the lookout for that one.

Both are usually \$14 but for you folks, they are \$4 off for the month of June. Make sure to get on while the getting is good and try it.

It all started in 2012. Cleveland Seals was looking for a post-retirement project to occupy his time and had the wild idea to start a whiskey distillery. Cleveland shared his dream with his son, Chris, and asked for his help.
