The logo for Thrive Juices features the word "thrive" in a lowercase, orange, cursive font, with "JUICES" in a smaller, uppercase, orange, sans-serif font directly below it.

thrive JUICES

At Thrive Juices, we believe that wellness should be accessible to all. Our mission is to provide nutrient-rich, flavorful juices, smoothies, and food that nourish the mind, body, and soul—helping individuals and communities THRIVE.

Our journey began with James Kelso, a health-conscious entrepreneur and fitness enthusiast raised in the Magnolia projects of New Orleans. Growing up, he saw firsthand how limited access to healthy food led to preventable diseases in his community. After losing his father to a stroke caused by high blood pressure, James committed himself to breaking the cycle of unhealthy eating. His mother, inspired by his dedication, took up juicing, blending flavors as masterfully as she did her Cajun and Creole dishes, proving that healthy could also be delicious.

In 2020, James met Danté, a longtime advocate for underserved communities and a leader in youth development with the YMCA. Sharing a passion for health and equity, they partnered to build Thrive Juices—not just as a business but as a movement. Our goal: to bring better nutrition to more tables, ensuring that everyone regardless of background has the opportunity to thrive.

With every bottle sold, we give back—creating opportunities for wellness in communities that need it most.

Fuel your event with purpose. Fuel it with Thrive.
