## About us:

Kitty Fisher's is a small, uniquely atmospheric dining room & bar in Mayfair's historic Shepherd Market, serving award-winning modern British food, Old World wines and strong liquor within a pretty Georgian townhouse. Once upon a time we won Restaurant of the Year and Best Front of House at the GQ Food & Drink Awards and in 2018 we opened our beautiful sister restaurant Cora Pearl in Covent Garden.

We strive to be an exemplary neighbourhood restaurant. Whether it's the food on your plate, the cocktail in your glass, or the welcome at the door, we take simple pleasures seriously. We employ like-minded people who care, who are fun to be around, who want to create a brilliant hospitality experience each and every service. And then do it all again the next day. We can't wait to hear from you!
