

Z BIOTICS

As you know, we pour our heart and soul into picking thoughtful wines, and this carries over into other aspects of the restaurant. How can we continue to have a positive impact on our guests, even after they leave the restaurant and their experience has ended?

The folks at Z Biotics have helped us get a complimentary two bottle pack in March's wine club box. We hope you'll try it before enjoying your next glass of wine, and that it leaves you feeling as good as you did when you opened the bottle.

And just so you know, ZBiotics has earned a spot on our beverage menu too.

They can be purchased at restaurant when you use your wine club seats!

**Cheers,
The Boia De Team**
