Parties at your place

For four decades - we've been bringing the venue in which you choose to celebrate to life! From private homes and corporate offices to museums and historic venues to one-of-a-kind spaces including the middle of nowhere - we make *it* happen.

It is every detail, including event design, custom menus, wine pairings, handcrafted cocktails, staffing, and execution, and the ‘*it*’ factor. No idea is too ambitious—if you can envision it, we'll make it happen with the care, creativity, and excellence that define Mise en Place.

A close-up photograph of two hands holding wine glasses, clinking them together in a toast. The glasses are filled with a golden liquid, likely white wine. The background is a warm, out-of-focus brick wall, suggesting a rustic or historic setting. The lighting is soft and warm, creating a cozy atmosphere.
