CLYDE'S OF GALLERY PLACE—THE CONSERVATORY

ABOUT

Ever since we transformed a two-room watering hole into a preeminent menu-driven saloon 60+ years ago, Clyde's Restaurant Group has always seen Washington as more than a city of politics.

Behind every one of the 10 properties owned and operated by Clyde's Restaurant Group is a concept designed to offer a truly memorable dining experience in Washington and the DMV region.

Clyde's Restaurant Group has remained one of the most successful and enduring restaurant companies in the nation. While we've certainly created a formula that works, what keeps us evolving are the friends we've made along the way, the energy of our staff, and the continued growth of a place we lovingly call home.

OUR FOOD

Our Commitment to Better began decades ago when we chose to bypass traditional commercial produce routes in favor of locally grown fruits and vegetables. Establishing relationships with local farmers, Clyde's Restaurant Group was farm-to-table before it was a term. Not only does this provide fresher ingredients for our chefs and guests, but we consider it part of our ongoing collaboration with the local economy to design dining experiences that support the region's growth. Our chefs proudly support local watermen of the nearby Chesapeake Bay and other east coast fisheries. Our seasonal menus showcase the true "bounty of the sea." In addition to our local, farm-grown produce and seafood, we proudly serve humanely raised beef, chicken, and pork free of hormones and antibiotics. Our sincere belief is that great dining begins with fresh ingredients, friendly people, and an unforgettable atmosphere. Our Executive Chefs and Event Teams are here to help you create that experience.

CLYDE'S WILLOW CREEK FARM

CLYDE'S WILLOW CREEK FARM

Situated in picturesque Loudoun County, Clyde's Willow Creek Farm combines four original historic antique buildings. The history of the design goes back to the early 1980s when Clyde's purchased a series of antique heavy timber structures that had been destined for the wrecking ball. These buildings were photographed, labeled, disassembled, preserved, and stored for later restoration with no clear understanding of where or when they would be employed. When the opportunity for a new restaurant at Broadlands arose, this became the perfect venue to combine these historic pieces in creating what will become a truly unique restaurant for Northern Virginia.

CLYDE'S OF CHEVY CHASE

Situated in one of the DC metro area's most stylish neighborhoods, Clyde's of Chevy Chase recreates the romance of travel during the twenties and thirties through its interior design. Upstairs, guests are greeted with authentic racing cars, model planes and steamships, a model train running overhead and remarkable murals and prints. Downstairs, three prized racing cars are on display — a 1957 red Jaguar XKSS with biscuit seats; a 1925 red Morgan trike; and the black 1937 Hillegass, the crown jewel of antique midget racers.
