A VINTAGE INSPIRED
TAP TRUCK

- Our Piaggio Ape Classic has been artfully converted into a mobile bar with six tap lines. The result is an entirely unique Tap Truck with a design that clients love.
- Our offering is more than simply a mobile bar. Ted Kenny, the Founder of Top Hops Beer Shop, is along for the ride and is a walking libation enthusiast and expert who is eager to connect and engage with guests.
- We have a liquor license so are able to take care of the alcohol process from top to bottom including curation, provision, delivery and, of course, friendly service.
- Our six taps allow for Top Hops to shine with our carefully curated craft beer list with ample room for host input.
- Fear not. We appreciate that many hosts need more than beer so our tap and bottle options extend to wine, bubbly, non alc, mocktail AND cocktail options.
- We believe in making life easy for our busy venues, hosts and planners with a set it and forget it approach.
- We are professional and reliable partners with a proven track record with large scale corporate clients, private clubs, charity partners and private individuals.

The Top Hops Half Pint inspires oohhhhs, ahhhhhs and grins everywhere she travels and makes any gathering a celebration.

CHEERS TO THAT!

THE FUN STUFF: CURATED PACKAGES AND FOOD PAIRINGS

LIBATION PACKAGES:

Craft Beer. We have curated several distinct craft beer packages to satisfy a broad range of tastes. Or, we are happy to customize your selection. Talking about libation and celebration is what we do best so rest assured you'll be in good hands whether you know exactly what you'd like or prefer that we drive the boat.

Wine and Bubbly. We love our wine and bubbly too. Clients are thrilled to discover that we can serve Wölffer's Summer in a Bottle Rosé....on tap!

Non Alc. We have been massive fans of Athletic Brewing's NA beers since their beginnings. Their non alcoholic beers are simply head and shoulders above the competition. They've nailed flavor and taste and, happily for us, have a variety of true beer styles. We are proud to serve their popular Run Wild IPA on tap.

Mocktails. We appreciate that many of our events include families. Fear not as we can happily dedicate a tap to the younger set. Kids and adults go ga ga for our Lemon Fizzy.

Cocktails. Clients love our Margaritas and Aperol Spritz. Happy to create a custom cocktail. Tinto de Verano, anyone?

PAIRINGS WITH FOOD TRUCKS:

At Top Hops, we pride ourselves on playing well with others. We love partnering with food trucks and caterers and are happy to pair our libations accordingly. Beer and cheese? An unexpected treat. Pizza? As natural as beer and baseball. Oysters....Now we're talking. The list goes on.

NUTS AND BOLTS

MEASUREMENTS:

The Top Hops Half Pint measures 9.8 feet long by 5 feet wide by 6 feet tall. Punching well above her weight, her petite dimensions allow her to squeeze into most indoor settings. She can fit through a standard 6'0" set of double doors for indoor events as well as inside most freight elevators. Hello rooftop party!

POWER REQUIREMENTS:

We require a standard 110 volt socket.

HISTORY:

Our quirky and novel three-wheeled scooter was developed at the end of World War II by Piaggio, the makers of the Vespa. Christened the APE (pronounced Ahpeh), the name means "Bee" in Italian while the Vespa means "Wasp." The war had devastated the Italian economy creating a need for an affordable transport solution that could handle those tricky small Italian roads and service the farming industry as well as provide light delivery. Eh, voila, the Ape was born. Over the years the models have been updated but the spirit remains the same - a scooter with a roof that can carry what ever you may need which may just happen to be a libation.

QUICK SPECS:

- 3 wheels.
- Just shy of 1,000 pounds so easily moved around by 2 people.
- Lighting for after dark events
- No need for drainage.
- 110 standard outlet for power.
