

Customized to Your Family's Needs

We understand that every gathering is different, and many churches and funeral homes already provide items such as dinnerware, chafers or volunteers to assist with the meal.

Our Celebration of Life catering is flexible, allowing you to choose only the food, supplies and service your family needs.

Meal pricing includes food prepared in disposable serving pans and serving utensils.

Additional options are available, including disposable plates and silverware, disposable chafers and sterno, beverages, desserts and event staff.

Celebrate life,
It is the ultimate gift.
