— SERVICE MENU —

In 1931, the Pumphouse served Wichita's warehouse district as a busy service station and garage. Later, a lubrication service center was added (the oil change pit and lift are still visible). With this change came a small diner with homemade food. This old warehouse district has now become Wichita's premier entertainment district. The Pumphouse continues today in the same location, still family owned and serving the same traditional food Wichitan's have enjoyed for years - truly a Wichita Original.
