

## **ALLERGEN STATEMENT**

At Monk's Bar & Grillo, we are dedicated to the health and safety of our customers.

The information provided identifies the menu items that **contain ingredients** from the most common allergens (soy, egg, dairy, wheat/gluten, peanut, tree nuts, fish and shellfish and intolerances) based on our supplier information. It does not reflect the process in which the food is prepared (such as deep-frying, grilling or sauteed).

All our kitchen operations share prep areas and equipment. All fried items are prepared in oil that is also used to cook shellfish, fish and breaded items; which makes it possible to have cross-contact exposure to other foods. Therefore, we cannot guarantee that any menu item can be 100% completely free of allergens

We do have protocol set in place for our customers with food allergies, but even with our processes and procedures in place, we cannot quarantee that any item is 100% completely free of allergens.

Our staff are trained in answering questions about our food and preparation to do our best to accommodate anyone with an allergy or intolerance to certain types of food.

\*Consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase your risk for foodborne illness.
