

ALLERGEN STATEMENT

At Monk's Bar & Grill®, we are dedicated to the health and safety of our customers.

The information provided identifies the menu items that **contain ingredients** from the most common allergens (soy, egg, dairy, wheat/gluten, peanut, tree nut, sesame, fish, and shellfish and intolerances) based on our supplier information. It does not reflect the process in which the food is prepared (such as deep-frying, grilling or sautéed).

All our kitchen operations share prep areas and equipment. **All fried items are prepared in oil that is also used to cook shellfish, fish, and breaded items**, which makes it possible to have cross-contact exposure to other foods.

Therefore, we cannot guarantee that any menu item can be 100% completely free of allergens.

We do have protocol set in place for our customers with food allergies, but even with our processes and procedures in place, **we cannot guarantee that any item is 100% completely free of allergens.**

Our staff are trained in answering questions about our food and preparation to do our best to accommodate anyone with an allergy or intolerance to certain types of food.

**Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk for foodborne illness*
