

Events at Catbird

Nine floors above downtown Dallas, Catbird looks out across the skyline from the heart of the city. Its interiors and open-air spaces accommodate everything from cocktail receptions and private dinners to brand activations, corporate gatherings, wedding celebrations, and full buyouts. Award-winning cocktails lead the experience, joined by curated menus and beverage service developed for each event.

Within Catbird, the Large Patio, which combines an interior space with an adjoining open-air terrace, offers a more intimate setting: a glass-lined conservatory surrounded by greenery, opening onto a private rooftop terrace surrounded by the city. Golden hour gives way to city lights, creating a natural progression for any event. The space is available for intimate receptions, rehearsal gatherings, and private evenings shaped around the flickering lights and historic buildings of downtown Dallas.

Main Bar Room
